## OMNIA UVC Air Portable UVC Ozone Sterilizer Lamp

- Small, light and portable, the UVC Ozone Sterilizer Lamp is perfect for sterilizing small indoor spaces up to 9 m<sup>3</sup>
- Just hang it or put it upright and let it clean the surrounding environment from the pollutants and bacteria
- Easily remove all bad germs from the surfaces of your personal items or furniture by directly exposing it to the emitted UVC light
- It efficiently kills 99.9% of Staph aureus, E. coli and Candida albicans bacteria, along with unhealthy formaldehyde evaporating from furniture and plastic items
- Very practical, up to 2 hours of usage with just 1 battery charge
- Conveniently charge with any USB-A port charger (computer, charging adapter or power bank)
- LED display for direct battery level and usage time read-out
- 1 year warranty
