Camouflage Clip Ocean is our slim P Smart back protection with a vibrant camouflage pattern in natural sea colors. The Case provides back protection against scratches, signs of use and is delicate thanks to the soft-touch coating. The Ocean design camouflage pattern was specially developed by Artwizz's in-house designers. It is incorporated with a water print-process in the clip surface, side edges included. It's the harmonious, ocean-inspired shades of green and blue that make this pattern so unique. We've also incorporated exciting Ultra Violet, the color of the year 2018, to make the Camouflage Clip Ocean even more eye-catching. Whether you're wearing an iconic urban street style, or looking to add a stylistic twist to a more elegant look, the Artwizz Camouflage Clip Ocean is a real must-have for all trendsetters and fashionistas in the urban jungle.
