The Artwizz Camouflage Clip Red is a slim backside protection in a stylish red and black camouflage pattern for the iPhone Xs Max. Super flat, reliable and very easy to use – just perfect for your urban lifestyle. The Case provides back protection against scratches, signs of use and is delicate thanks to the soft-touch coating. The intense camouflage pattern was specially designed by Artwizz designers. It is incorporated with a water print-process in the clip surface, side edges included. An interplay of finely nuanced shades of red and black accents makes the pattern unique. The expressive colors of the Artwizz Camouflage Clip Red complement every outfit, whether you're wearing an iconic urban street style, or looking for something to add color to a more elegant look. Artwizz Camouflage Clip Red is a must-have for all trendsetters and fashionistas in the urban jungle.
