- UPGRADED DESIGN - Our customers spoke - we listened! New features and functionality make the TimeCube Plus even easier to use
- SO EASY TO USE - Just turn the cube to start, pause and stop. New pause functions allows you to pause and then resume the countdown
- 3 WAY ALARM OPTIONS - Choose from High/Low Buzzer Alarm, 4 Blue LED Light alarm or both to make it suitable for the classroom, office or public places
- ROTATING DISPLAY - A larger countdown window with LCD rotates with the direction of the cube making it easier than ever to keep track of the countdown
- THE ULTIMATE TIME MACHINE - Perfect for Time Management, School, Kids, Homework, Chores, Kitchen, Cooking, Workout, and Yoga

The TimeCube Plus is the Ultimate Time Machine! Since 2010, our Miracle TimeCube has helped organize the lives of thousands of happy customers. We've listened to the suggestions for improvement and developed the TimeCube Plus to make the clock better than ever. The simplicity of this uniquely designed clock makes it easy to stay on schedule - whether its for timing kids with their homework, brushing teeth or taking a shower, it a fun way to teach them to establish routines.

Around the house, it makes a great kitchen timer - perfect as an egg timer, baking timer, frying timer - anything that needs to be tracked in blocks of time. For those customers looking for a time management tool or office tracking tool, the Cube Timer is perfect for staying on task, maintaining focus and improving productivity in strategies like the pomodoro method. For those customers who are interested in improving their effectiveness in High Intensity Interval Training (HIIT), there's a Cube Timer for you. No more setting a stop watch or digital timer, just turn to the desired time setting and let the workout begin. Increase the time for cardio burn, lower it for fat burn and you can now focus on your workout routine instead of your timer. the Miracle TimeCube Plus allows you to manage your time with simplicity and in style. The four sides of the cube simply state the minutes that you would like to start timing. Merely turn it on the side needed and it will immediately start timing. When the time is up, the alarm will ring on high or low, or you can set it to blink blue LED lights or both. Simply turn it back to its upright position to silence it. It's that easy! The Miracle TimeCube is a fun, practical gift for you, a friend or a loved one as an easy, attractive way to manage time.
