- Ergonomic table stand for notebooks
- Color variant black
- From one piece of aluminum
- Improved air circulation
- Bestseller

Working on a laptop can strain the eyes, neck, back, and arms. Prolonged strain may lead to health problems or injury. mStand raise the screen to meet eye level for better posture and view.

Features:

- Better ergonomics is achieved with higher screen height.
- Increases screen height by 6 inches.
- Tilt design brings screen closer and improves airflow around laptop.
- Single piece aluminum design provides solid stability.
- Keyboard stash clears up desk area when not in use.

- Cable organizer behind arranges cables neatly.
