The TORRAS Ostand Pro UPRO is the next-level MagSafe case with 360-degree rotating magnetic kickstand: all in one case (MagSafe case + stand case + magnetic phone grip + drop protection). The Ostand Pro sets the standard by integrating magnet and kickstand functionality into a 360-degree rotating magnetic ring holder, without adding bulk. With 7 utility patents, this groundbreaking design allows you to use your iPhone like never before.

360-Degree Rotating Ring and Flexible Invisible Kickstand: The world's first iPhone 15 / Pro / Plus

/ Pro Max case with a 360-degree rotating stand that offers multiple viewing angles in both portrait and landscape mode. With over 10,000 open/close tests, the ring provides stable support for movies, phone calls and more. It also serves as a secure ring holder for better grip and easier selfies, providing a helpful hands-free experience.

5x Stronger Patented Magnet: Crafted with N56 super strong magnets, the UPRO ensures a secure mounting experience. The strong force provides compatibility with all MagSafe accessories such as battery packs, wireless chargers, car mounts, etc.

Ultimate Drop-Protection Protection: Ostand Pro has been tested and met MIL-Grade 810h standards. The test lab certificate is available. The case features a 4-layer cushioning structure with a TPU bumper, exclusive 3rd Gen X-SHOCK technology in the corners and 360-degree all-around shock-absorbing airbags. And the 1.5mm thick screen edges and 2.5mm thick camera edges protect the camera and display from daily wear and scratches.

Slim, Stylish and Secure: The built-in kickstand design provides a slim profile. The matte finish not only gives the iPhone 15 a sleek and stylish look, but also ensures easy cleaning without the stickiness that is common with clear or leather cases. Personalize your case with 3 different interchangeable button colors.

All buttons and access ports remain unobstructed and usable.
