- Clamp is compatible with virtually all iPad / Tablet (mini to 12.9 inch) models, even with cases attached
- Stands sturdy with 4.5 KG weight

HoverBar Tower is a flexible floor stand for iPad / Tablet PC that's perfect for workouts and so much more. Attach your iPad to this height adjustable stand and workout with your favorite trainers anywhere in your home or outside on the porch.

Position this floor stand low to the ground for a yoga class, at eye level for music lessons, or in front of your stationary bike. HoverBar Tower can even hold iPad above your desktop monitor as a second (or third) screen. Use iPad in unlimited ways with HoverBar Tower.

Workout wherever you want.

Baby sleeping? Partner working in your workout space? Beautiful day outside? With HoverBar

Tower floor stand, you can take your workout and instructor to any room in your home, or outside on any flat surface.

More than just fitness.

HiRise Tower can hold your iPad hands free during guitar lessons or while lying in bed watching shows. No room on your desk for a second monitor? No problem. Use this flexible floor stand to float iPad above your desktop computer.

Pair with your favorite exercise equipment.

Position this elegant stand in front of your stationary bike, treadmill or rowing machine. Set iPad at eye level and get going. Having HoverBar Tower means you can buy the exercise equipment you want instead of limiting yourself to models that will hold an iPad.

Kitchen assistant and host.

In the kitchen, HoverBar Tower keeps your iPad out of the mess while you watch or make a recipe video.
