- Candle-Shaped Multicolor RGB LEDs - 16 million colors with vibrant and dynamic lighting option
- App-controlled fairy lights – Control the Twinkly Candies with the easy-to-use Twinkly app for iOS and Android on mobile devices and tablets
- Variety of ready-to-play, customizable effects and animations or create your own unique effects
- Instant Wi-Fi and Bluetooth connection - connect seamlessly with the included Smart Controller for easy configuration
- Group multiple Twinkly devices - create larger, synchronized decorations by combining with other Twinkly devices

Twinkly Candies are smart, decorative lights, with exceptional brightness, customizable, multi-colored effects that can be controlled via smartphone.

High-quality, lightweight design in the shape of candles, with a low weight, thanks to their USB-C powered design, the Candies are exclusive LED lighting for decorations of all kinds including Christmas decorations.

Create magic in any environment: Twinkly Candies are the perfect addition to any occasion, be it cozy evenings, festive parties, Christmas tree lighting, gaming adventures or streaming setups. Brighten your world with the boundless charm of Twinkly Candies and create moments of light decoration in every corner of your home.
Unlimited personalization with 16 million colors: Unleash your creativity with the Twinkly app, offering an endless palette of colors, hues and shades. Customize your lighting effects to suit your individual style and transform your living space into a playful canvas of bright colors and atmosphere.

App-controlled smart device: Twinkly Candies enchant your space with seamless Bluetooth and Wi-Fi connectivity. Control them effortlessly via the easy-to-use Twinkly app and enrich your interior design with the magic of smart decorative lighting.
Mesmerizing audiovisual experience: Watch your lights dance to Twinkly Music (sold separately), a smart microphone that interprets ambient sounds and music in your room and applies synchronized colors and effects in real time.
